Dear Mrs. Lion:

Congratulations on your appointment to the Affiliate Staff in the Department of Medicine at Mercy Medical Center.

All initial appointments to the Medical/Affiliate Staff are provisional for one year and may not exceed two years. During the first 12 month period, a practitioner may exercise all of the prerogatives and clinical privileges granted, but must also fulfill all of the obligations of staff appointment. These privileges and obligations, including acceptable codes of conduct, are outlined in the Medical Staff Bylaws, Rules and Regulations and Hospital policies found on the Hospital intranet, Mercy Central. The obligations include, but are not limited to: timely completion of H & Ps, Op Notes, Discharge Notes, etc.

At the end of your provisional appointment, your activity at Mercy Medical Center will be reviewed by the Department Chair. The recommendation of the Department Chair and Medical Executive Committee will be forwarded to the Board who makes all final determinations, as to whether you will be removed from the provisional status.

I would like to welcome you to the Medical Staff. If you have any questions about your staff appointment, please do not hesitate to contact Medical Staff Services or me. Please inform us of your needs in providing care to your patients, so that we may all maintain the quality of care desired for our patients at Mercy.

Sincerely,
